

Seniors Present Play
Tonight, November 8th

Would you like to forget your problems and enjoy a few good laughs? The Seniors of Grayling High School have arranged to present a play, "A Pair of Country Kids" in the high school auditorium on Thursday, November 8, at 8:00 P. M.

The somewhat humdrum life of Jennings Junction becomes more colorful when Starr Hotel, run by Mrs. Sarah Starr, acquires two new boarders in one day. The new guests Mr. Arthur Roberts and Mr. A. Roomer cause an amusing rivalry between the two permanent boarders, Miss Lucy Appleby, who is on the lookout for a husband No. 1, and Mrs. Susan Grimes who is diligently seeking a husband No. 2. Ambrose Snegens, a retired horse doctor, becomes quite indignant that Lucy should prefer fresh city-blicker, Mr. Roomer to him.

The way two country young people, Hi Hawkins and Sis Spooner, outwit Mr. Roomer is one of the highlights of the play and will be amusing to the play Phil West, an ambitious young lawyer, gains favor with Mrs. Starr and gains her consent to marry her pretty daughter, April.

The Seniors contributing their talents to present this comedy, packed with excitement and tinged with romance—country style—

Hi Hawkins, Skip Hanson; Sis Spooner, Glenda Kellogg; Mrs. Starr, Shirlee Souders; April West, Vivette Isenbauer; Ambrose Snegens, Rex Hunter; Lucy Appleby, Betty Kubik; Susan Grimes, Jean Millikin; Mr. Roberts, Chester Johnston; Mr. Roomer, Bob Sunday; Phil West, Perry Barber.

Directing the play is Mrs. Norine Hanson and stage manager is Tom Hillman with the assistance of Ethel Pratt, Betsy Niederer and Lou Ann McEvers.

The group took up a collection at the meeting to be sent to the Argentine neighborhood center.

Methodist Youth Group in Kansas City—Also a box will be placed in the church lobby and in Peterson's Hardware in which to collect clothing to be sent to Berkeley. Deer Season To Open Next
Thursday, November 15

Early Snow May
Improve Hunting

The whitetail deer will be the big target of hunters next Thursday, November 15 when deer season opens for its fall run of 15 days.

Early snow and cold weather are expected to aid the deer hunter, but those with thoughts of a possible shot at a bear will face vastly impaired hunting as it is expected that the cold wintry blasts will hasten bruins ideas of hibernating for the winter.

Just what the deer hunters will find as they take to the hills, swamps and woods is a matter of deep argument. Many feel that the deer herd has been depleted during the past heavy two winters.

Others say that as many deer as ever are to be found in the woods.

The score run up by hunters on bucks taken should give some idea as to what the deer herd size is.

There is no change in the hunting fee this year with the resident hunter paying \$3.50 for his license while the out of state must ante up \$35.00.

Starting this Saturday it will be unlawful to be in the woods with any rifle larger than .22 caliber, or with a shotgun with buckshot, ball or slug load or cut shells.

Gaylord P. C. A. To
Meet Saturday

The Seventeenth Annual Meeting of the Stockholders of the Gaylord Production Credit Association of Gaylord will be held at the V. F. W. Hall in Gaylord on Saturday, November 10th. The meeting will start promptly at 11:00 a. m. and will adjourn by or before 4:00 p. m. There will be a free lunch at noon served by the Ladies Auxiliary of the V. F. W. prizes for the holders of the lucky numbers, and some entertainment.

Louis Wolfanger, Professor of Land Use, from Michigan State College will be the guest speaker at the meeting.

In addition to the reports on the progress of this farmer's cooperative organization which became entirely farmer owned on June 30, 1950, there will be an election of two directors for a term of three years. The terms of Ed Hartung of Levering and Albert A. Kassuba of Gaylord expire at the meeting. The Nominating Committee, composed of the day members of Gaylord, Guy Bixby of Wailoon Lake, and Chas. Sewell of Gaylord, nominating L. S. Kozlowski and Albert Kassuba both of Gaylord to run for the office now held by Mr. Kassuba, and Ed Hartung and Ralph Hemmer, both of Levering, to run for the office now held by Mr. Hartung. Mr. Hemmer has declined nomination because he feels he does not have the time to devote to this position. In addition to these candidates, nominations may be made from the floor at the meeting.

All stockholders are urged to be present. Also, any others interested in agricultural credit are welcome.

County Cancer Society
Holds Meeting

A meeting was held Nov. 1st, at the home of Mrs. John MacAuley, 406 Park St., Grayling, to organize a County Cancer Society. It is the desire of the organization to have a representative from each and every club, society, group or organization in the county so that these representatives can in turn inform their particular groups. In this way it is hoped everyone may become better acquainted with, and interested in, the purpose and accomplishments of the Society.

Mrs. MacAuley led a discussion on Cancer Educational Programs, a Cancer Chest to be prepared and maintained for use here. We were glad to be informed that one-half of all money collected in the county is returned for use here. Also, that two patients from this county had been treated for cancer this past year by use of part of this fund. Mrs. MacAuley informed us that there is now a balance of \$580.00 in this fund.

Mrs. Maurice Gorman offered to distribute the educational material to the various groups.

Dr. Stanley Stealy was unanimously elected as President of the Society. Mrs. MacAuley is to continue as the Commander, and Treasurer. Mrs. Earl Burns will be her Deputy Commander.

Matches, boxes, which bear the words "Cancer Fund" have been ordered and will soon be placed in suitable public places to help the cancer fund. These are now in use very successfully in many communities.

The third Monday of the month was decided upon as a meeting date for the new Society.

As there were several unable to be present at this meeting there will be many new representatives at the next meeting.

Those attending were: Dr. Stanley Stealy, Mrs. John MacAuley, Mrs. George Hilton, Mrs. Maurice Gorman, Mrs. Earl Burns, Mrs. Fred Lamm, Mrs. Russell Wright, Frederic Township, and Mrs. C. M. Harney, Beaver Creek Township.

The 1951 award for distinguished service has been given to Crawford County by The American Cancer Society, Inc., for continuing assistance and co-operation in presenting an outstanding contribution in the fight.

Lutheran Weekend Service
Termed "Successful"

The Church Workers' Week End for the Danish Lutheran churches in Michigan was a great success as 56 did attend. And three Sunday School teachers from other churches in Grayling did attend the Sunday School institute in Danebod Hall Saturday.

Sunday, November 4th the Messiah Lutheran, Roscommon, was filled to capacity with their own members, members from Grayling Lutheran church and 14 delegates from out of town who did stay for this union service.

Messiah Lutheran church, that formerly did belong to the Swedish Augustana Synod, was voted into the Danish Synod at the last Annual Convention. Rev. Alfred Jensen, president of the Danish Synod, was present and preached the sermon, and welcomed the Messiah Lutheran into the fellowship of the Danish Lutheran Church and the Michigan district.

Messiah Lutheran Church is located close to the Gerrish Town Ship Hall. It was formerly a school house, but has now been made into a cozy little church, where service is held every Sunday at 9:30 A. M. followed by Sunday School at 10:30. The pastor is Rev. John Enselmann of Grayling.

The congregation did receive many gifts, but the best one was a baptismal font from Central Lutheran Church, Muskegon.

The indices served a time not back dinner at Gerrish Township Hall after the service. As it kept on snowing the guests soon were on their way home a drive of 150-200 miles.

Among the patients at Mercy Hospital are Mrs. Anita Bennett of Lyon Manor, who underwent surgery; Herman Bidvia, Mrs. Carl Doroh, surgery; Mrs. Ted Hausman, Mrs. Eugene King Mrs. Dorothy Latimer all of Grayling and Mrs. Roy Murphy of Frederic.

Kiwanis Club
Notes

The annual newspaper sale of the Kiwanis Club of Grayling was discussed and plans made for it at the regular weekly meeting of the club on Monday evening.

The sale will be held Saturday afternoon and evening, November 17, it was decided and the club will be divided into two competing teams again this year as it was last. Several novel, stunts and fancy dressups are planned to aid the sale with which the club raises most of its funds for its Christmas and milk projects.

Club President Roy Milnes revealed at Monday night's meeting that the club spent \$150 last Christmas for clothing for needy children while repaired and new toys were distributed. Through the High School Shop classes who worked three weeks repairing toys and many club members who gave time to repairing, lots of toys were available for under privileged children last Christmas.

The milk fund last year cost the club \$415.80 and milk was distributed starting November 20 last year through to May 21, 1951. In all 13,256 half pint bottles of milk were given to children at the school through the Club's milk fund.

GHS Conservation Club
Field Trip Hi-Lights

On Friday, November 2nd the Grayling High Conservation Club numbering twenty-three students visited the Equipment Development Center south of Roscommon. Supt. Gil Stewart explained the work being carried on in their shops. Fire fighting equipment of all kinds used in the field is designed, tested and manufactured at this center.

From here the club visited the District Conservation Headquarters where Mr. Roy Scott, department clerk and radio dispatcher showed the students how fires were located on maps. Mr. Louis Konvicka, fire officer, showed the group their fire fighting equipment which is ready at all times to answer calls in the field.

The students were conducted to a red pine stand by Mr. Clayton Schooley, district forester. He told the group it had been planted in 1912. Mr. Schooley explained the various forestry practices being carried out today and spoke of the employment which was made possible to a large number of people in this area because of the presence of state forests.

The next stop was the Higgins Lake Conservation Training School, where Supt. Ed Ray explained the school program and talked about the schools facilities available to educational group meetings, as well as the training of conservation officers.

The group had their lunches in the large classroom of the school. Supt. Ed Ray pleasantly surprised them by sending over milk, not coffee and a cake from the school kitchen which was very much appreciated by all. Mr. Wilbur Bull showed a two reel film "The Web of Life."

A stop at the nursery where Mr. Wilford Wells explained the activities of his department and next to the roasting ovens where Supt. Paul Brigham talked on seed extraction from the pine tree cones completed the field trip, which was educational and thoroughly enjoyed by all.

The Grayling High Conservation Club wishes to thank Mr. Wilbur Bull, educational consultant for the Conservation Department, who conducted the field trip and all the other members of the department who gave us freely of their time and talents. We also wish to thank our school for sponsoring us and Mr. Oscar Goss, Mr. Charles Long and Mr. Jack Millikin for providing transportation with their cars.

Crash Kills 1,
Injures Four

Mrs. John Richards, Sr. was instantly killed Monday afternoon when a vehicle operated by her husband and another driven by Lacey Stephan were in collision on M-72 about 8 miles west of Grayling.

The Richards car traveling west towards their home west of the Manistee River approached the Stephan car headed east toward Grayling. As the two cars neared each other the Richards vehicle apparently dropped off from the north edge of the pavement and Mr. Richards lost control of the car with the result that it spun to the wrong side of the road directly into the path of the oncoming Stephan car.

Neither vehicle was traveling fast, according to Sheriff William Golinick who investigated. The Stephan car struck the Richards car on the right or passenger's side. Mrs. Richards was instantly killed with Mrs. Stephan receiving injuries which hospitalized her. Mrs. Stephan and her son, Lacey, Jr., were painfully shaken and bruised while Mr. Richards received lacerations on his hand and severe body bruises.

Both cars were badly damaged. In that the accident occurred about a quarter of a mile inside of the Kalkaska County line, Sheriff Ira Brown and Prosecutor Paul Wyman of Kalkaska County were called as well as a coroner to investigate the accident as well as Crawford County Coroner Alfred Sorenson and Sheriff Golinick.

Sheriff Golinick also reported that slippery highways on Saturday night and Sunday kept his office busy as cars and trucks were leaving the road although no personal injuries were reported and property damage was negligible.

Taft Enters Race

When Senator Taft threw his hat into the ring, he simply made official what everyone has expected for a long time. It is no secret that Senator Taft had hoped to be made the Republican Presidential nominee on previous occasions but circumstances of various kinds conspired against him. Following his overwhelming victory in his last Senatorial race Taft and his supporters really got down to cases in preparation for the 1952 nominating convention. More important groundwork, by far, has been done on his behalf than for any other possible candidate. The Taft organization is large, efficient well-financed, and politically experienced and astute. It recognizes that there is much strong opposition to their man within the Republican camp and it is doing everything possible to minimize it. Some leading Republicans who were once anti-Taft have been converted. The principal opposition to him is led by Governors Dewey, Duff and Stassen. The first two are all for Eisenhower. Governor Stassen, it seems, has hopes on his own behalf.

Senator Taft's new book on foreign policy is an able effort to dispel the idea that he is an isolationist—which has been one of the main arguments made against his possible candidacy. He is a biting critic of the Truman foreign policy and of the conduct of the Korean war. But he realizes America's pre-eminent position as leader of the anti-communist world and of the responsibilities and commitments that result. His present position certainly cannot be called isolationist. And when he said that he is the only Republican who can make the kind of campaign that can be trusted to unhorse the Administration he obviously meant it with complete sincerity.

"Americans should keep constantly in mind that no people have lost their liberties so long as their press remained free."—General George C. Marshall.

It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate—and a complete and utter freedom from mechanical complications is exactly what makes Dynaflo Drive* such a joy.

It's the woman who has an eye for style and fine fabrics—and a nose for economy. On both counts, a Buick is tops.

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's heart—by its level-gaited stride—its willing response to her hand on the wheel—its smart

style and its smart performance—its spaciousness and comfort—and its thrift.

How about taking time off, some afternoon, to boss around a Buick? It's a date that's bound to thrill you.

From where I sit ... by Joe Marsh

"Talks Turkey" --Long Distance

Some people chuckled when Sonny Fisher rented a home recording machine to record the noise his flock of turkeys make.

"I sent the recording to a buyer for a super market chain," Sonny said. "I told them 'My turkeys speak for themselves—listen to this record!' They not only took my birds, but bought the record!"

"Why did they want the record?" I asked him. "Very simple," he says. "They're going to play it over the loud speakers in their stores—and then an announcer on another record reminds the cus-

tomers that turkeys are plentiful and a good buy."

From where I sit, it's not always smart to make fun of someone just because he does things a little differently. I think a glass of beer is the most refreshing beverage there is. You—or Sonny—may prefer something else. But who's to decide one's right and the other's wrong? Let's stay "on record" that everyone's entitled to his own tastes and opinion.

Dear Sir:
We, the Williamson Family, of Detroit and of Grayling, want to thank you, "The Sheriff," and the people of and near Grayling, for the interest shown in the search for our pet Cocker spaniel named "Ginger" lost in the woods near there. Thanks to all, we were lucky enough to get our dog back in excellent condition, and ease our aching hearts for Ginger has been our pet almost seven years. A constant companion for Sandy, who's father has been occupation one on Russian border now six years. The dog has helped her to bear her loneliness, and watches over her until her Daddy's return, which we think may happen this summer, on rotation. Again we thank you and everyone.

All But Impossible to Believe!

It is very difficult to believe—but, each month, there are literally thousands of people who pay as much for their motor cars as it would cost them to buy Cadillacs... and, yet, they don't get Cadillacs.

As we said, this is very hard to believe—but the reasons for it make it more or less understandable.

In the first place, a great many people simply don't know what a Cadillac costs. They don't understand that the lowest-priced Cadillac actually costs less than certain models produced by numerous other manufacturers.

They only know that Cadillac is the world's most renowned motor car—and they assume, from this, that it must also be exclusively priced.

Too, some people get discouraged because they can't walk in and order a Cadillac and get immediate delivery—as they can with so many other makes of cars.

This, too, is largely due to a failure to get all the facts and think them through to the inevitable conclusion.

You have to wait a while for a Cadillac because so many people want one—and want it so badly that they are

willing to wait for it. And that, in turn, is because Cadillac is recognized everywhere as the Standard of the World.

So if you want a Cadillac—and research indicates that a vast percentage of motorists do—come in and talk with us about it.

We'll give you the facts concerning comparative costs. And we will also talk frankly with you about delivery dates, so you may know about what to anticipate.

You really owe it to yourself to do this. For, surely, you don't want to pay the price of a Cadillac—and still not get one!

If we already have your order for a Cadillac—stand firm in your conviction—for each day brings you closer to your heart's desire.

It is true, of course, that you can get quicker delivery on other makes of cars. But, in all the world, there is no other car like Cadillac.

So be patient—and you will have your reward!

X-RAYING EARTH FOR CHRISTIANITY'S SECRETS!

First details about a new, dramatic means of archeological exploration will be revealed in this coming Sunday's (November 11) issue of The American Weekly, exclusively with Detroit Sunday Times. Read how Pope Pius XII invited scientists to use their "earth X-ray" to uncover ancient graves near the tomb of St. Peter.

More and more hunters are getting the bum's rush in the rural areas of Michigan. The cause: "Sears and Roebuck hunters." According to farmers, the city-minded nimrods show too little regard for property, climbing fences between posts—and even cutting the wire to let the dogs through. They leave gates open, shoot at anything that moves, from the barn cat to the tractor and then leave with the air that they have been only exercising their God-given rights as lovers of "the great outdoors."

Eight out of 10 rural residents admit they will let hunters on their land if the hunters will only stop at the house and ask. This procedure long has been preached by the conservation department. But, says one farmer, "They sneak on my property, start two

fires in two years and then give me hell because the hunting is no good. Nuts to 'em."

The "big city" hunter is blamed the most—a natural thing—most hunters in the smaller areas know the farmers whose land they are hunting.

Sen. Blair Moody, a veteran of TV's "Meet the Press" program, will face Michigan's top newsmen over the discussion table Dec. 6, at the "Meet the Senator" program sponsored by the Central Michigan Chapter of Sigma Delta Chi, professional journalism fraternity. The panel discussion and dinner, scheduled for Kellogg Center at Michigan State College, East Lansing, is expected to attract more than 150 newspapermen, editors and interested persons.

On the panel: Guy Jenkins, chief, Booth Newspapers bureau at the Capitol; Jack I. Green, Associated Press; Douglas Graham, United Press; and Hub George, Detroit Free Press. Moody's comment: "I hope they don't knock me out of the ring."

The original battle flag of Michigan's 32nd (Red Arrow) division which fought in France in World War I, has been formally presented to the State of Michigan, and the battle scarred banner now rests with other historic flags in the rotunda of the state capitol. It was held by the William G. Haan American Legion post of Flint.

The new state ferry for the Straits of Mackinac will not be finished in time for deer season. Original plan to put the \$5,000,000 "Vacationland" into operation by Nov. 15 is stymied by shortage of material and skilled labor.

Michigan is expected to contribute \$1,500,000 to the 1952 March of Dimes, \$600,000 more than this year. In the '51 drive Michigan raised \$903,000. National Foundation for Infantile Paralysis advanced nearly \$800,000 to the state for polio care when county shares of local contributions were exhausted.

Nearly \$20,000,000 was divided up among Michigan cities, townships, villages and schools as the first slice of tax diversion money of the current year. The municipalities' allocation is based on a rate of \$1.57 per capita and the schools on the basis of \$6.69 per census child.

In the fiscal year ending last

June 30, Washington shelled out \$90,478,420 to Michigan residents. Veterans readjustment and vocational rehabilitation accounted for most of the money—\$77,874,097. Other returns: agriculture department's soil conservation program \$7,362,175 and new cars for disabled war veterans, \$69,784.

These amounts don't include other federal programs—research, airport expansion and building, highway development, railroads, shipping mines, postal rates and many more too numerous to list.

Says Rep. Gerald R. Ford, Jr. (R-Mich.): The U. S. Department of Agriculture has become a political organization, "bogged down with bureaucracy," and seeking to control farmers. He told the Kent county Farm Bureau that "the USDA now spends \$30 for every \$1 it spent 20 years ago.... might better spend more money in the field and less at the top."

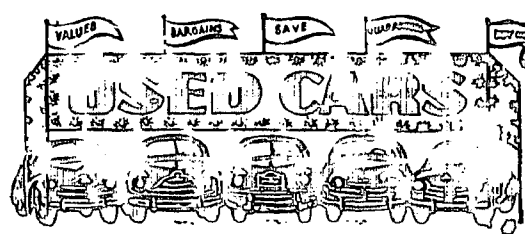

Arms orders continue to pour in on the auto industry but peak output is still many months away. Orders total something in excess of \$6,000,000,000.

The Midwest will become a "depressed area" unless the St. Lawrence seaway is built, according to Lt. Gen. Lewis A. Pick, chief of Army engineers. He echoed the argument long voiced by Michigan that the steel industry is moving east of the Appalachian mountains and that the automobile industry won't be far behind. Encouragement for the passage of the seaway bill has been received from congressmen.

The cold war is costing us twice as much per soldier as World War II. The reason: Inflation and the fantastic new weapons—which have just as fantastic price tags. Cost per man is \$17,060 for a year. World War II cost, \$7,531 per man.

THE CENTRAL IDEA Thanksgiving Dinner Bargain!

- BEST VALUE** on your holiday menu is the rail freight that brings foods to your table. New York Central and other roads get only 6¢ to 7¢ of your food dollar. That's less than they got in 1939, when their own expenses—wages, fuel, equipment, supplies—were far lower than today.
- THANKS TO** a center deck that can be raised out of the way, Central's livestock cars offer either headroom for cattle or floor space for sheep and hogs. One car serves where two were needed. It's by such efficiencies that your Railroad can go on handling food at low cost.

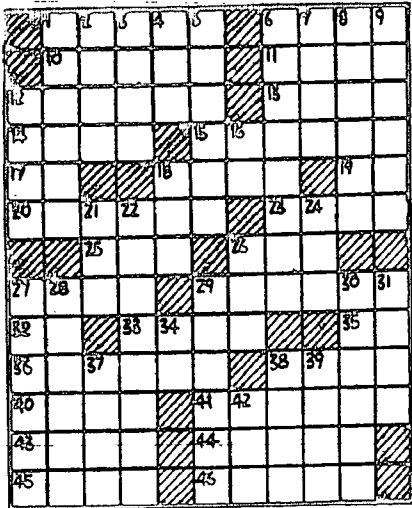

- FASTER FREIGHT** trains enable refrigerator cars to cover more miles between icing stops. This new icing station stands halfway between two former stations. It saves one stop. And that means perishable foods get to market hours quicker when they travel New York Central!
- HAULING MORE** tons more miles per train-hour, Central's trains are almost 60% more efficient than those of 20 years ago. Another reason why, despite tremendously increased costs, your Railroad still carries the things you eat, wear and use at a bargain. For that's the CENTRAL IDEA!

"To Who It May Concern: The church school teachers that failed to attend the training for church school teaching instruction, surely missed a lot of good help and a wonderful opportunity to give of your experience. As you recall, this district conference was sponsored by the Lutheran ministry, held at the Danebod hall last Saturday afternoon. Such rich instruction should be attended by all teachers of any denomination. The church school directors could of well benefited, which in turn helps the pastors."
